Sonya Tanae Fort

I SEE YOU is Sonya Tanae Fort's visual diary and ode to the places and people who have become a core part of her identity. Her subjects form a larger network of connection that transcends people and places. Both documentation and expression, her work captures the depth of feeling she has for her subjects and creates a space that unites themes of love, lineage, heritage, intimacy, community, memories, and self-reflection. Included in the exhibition is a section devoted to Fort's travels to Cape Verde and the spirit of Morabeza — the uniquely Cape Verdean expression that encompasses a welcoming attitude, warmth, hospitality, community, and connection, she has experienced both here and on the islands. Through friendship, family, community, language, and faith, Cape Verdean people and culture have also greatly impacted her life. This exhibition is Fort's thank you and "obrigadu" to the people, places, and values she holds dear.
